## AC2401

The Eurom AC2401 is, with its modest capacity of 2400 BTU, well suited for the more compact caravans. This split-unit airconditioner can comfortably cool a room up to 16 m<sup>3</sup>. The build-in timer can be set from 0.5 to 7.5 hours, the temperature can be read on the display. Thanks to the modern look the AC2401 fits well in any caravan. The AC2401 has a pre-mounted distance holder and an improved pipe inserter, making this caravan air conditioner easy to install. [Leesmeer](#)

- ✓ For caravans
- ✓ With timer
- ✓ Max. noise 55 dBA

### Specifications

#### Properties

Control	control panel
Range (max.)	16 m <sup>3</sup>
