

Predator 20

Air cooler

POWER 60W
FOR ROOMS UP TO (M²) 20
EAN 0637913793189

Our innovative **PREDATOR 20** is the perfect cooler because it not only refreshes medium-sized rooms, but it also ends with annoying mosquitoes and other insects.

Thanks to its peculiar characteristics will be your perfect companion in the summer season; this air cooler improves and refreshes the environment thanks to its air cooling, ionizer and humidifier functions, adjusting itself in three different types of wind and automatic oscillation for its greater comfort. To this improved environment we add that **PREDATOR 20** ends with flies, mosquitoes and insects as it complements its climate control function with an extremely useful anti-insect tray and its ultraviolet UV lights so that no insect prevents you from enjoying its fresh and healthy environment.

Sign up for a cool, insect-free environment with PREDATOR 20!
